

IN-TOWN® TRUCK RATE POLICY

Regular \$19.95 Medium \$29.95 Large \$39.95

The U-Haul® truck rate for an In-Town® move is \$19.95/29.95/39.95 (plus mileage) for a scheduled moving period of up to 24 hours. For any part of each 24 hour period beyond the scheduled return time, there is an additional \$19.95/29.95/\$39.95 (plus mileage) charge.

Your cooperation in scheduling has allowed U-Haul to keep your cost low. Returning equipment after the scheduled return time will result in additional charges.

Contact us by phone if your schedule changes. Your continued cooperation helps other families move and keeps U-Haul affordable.

Upon check-in: fuel, vehicle damage, vehicle condition and any oil receipts will all be reviewed as part of the deposit refund process. Of course, as the lawyers make us say, equipment type and rental periods are subject to availability. Other contract provisions apply.

ONE-WAY TRUCK RATE POLICY

The U-Haul® truck rate for a ONE-WAY move is a predetermined dollar amount based on the truck size, point of origin and your destination. As our customer, you receive an allowed mileage and a set number of days to complete your move. At the destination, you agree to call the drop off phone number, and drop off the truck to a specific U-Haul location.

Allowed days and mileage are calculated to allow you to complete the move with no extra charges. Unused days or mileage are not refunded. Additional days and additional miles are charged at the pre-agreed rate on the contract.

During the trip U-Haul staffs emergency road service and accident hotline phone numbers seven days a week, 24 hours a day. Any U-Haul location on the way will be glad to help you any way they can.

At destination, your cooperation helps us route equipment to the next moving family. Our drop-off phone lines are staffed seven days a week, 12 hours a day.
